

Tiger Tractors

FOR 1961

4 GREAT NEW

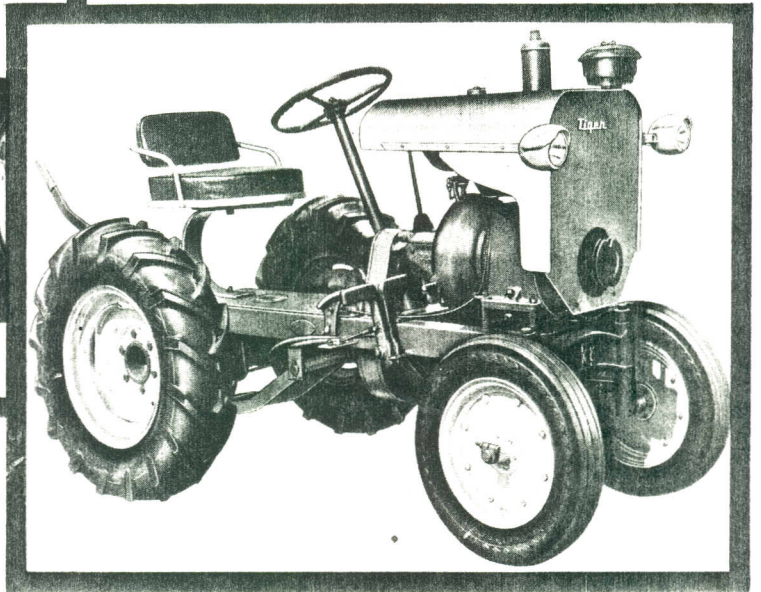

THE "KING OF BEASTS"

This ultra powerful Tiger 920 with Wisconsin 9-1/2 HP engine, Borg Warner 3 speed transmission, Rockford clutch, and Spicer rear axle costs only half as much as the nearest big tractor competitor. Farms 50 acres, does any mowing job, pulls 10 tons.

THE "MAGNIFICENT MODEL 450" TIGER

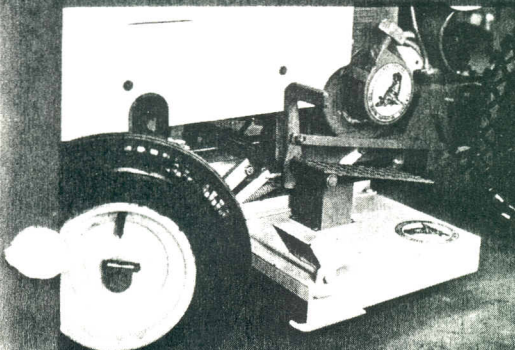

The only small tractor with every big tractor feature! Three speed automotive transmission and fully geared differential. Rugged construction throughout, featuring heavy axle castings. 36 attachments available. Also available with 5-3/4 HP Briggs-Stratton engine or 7 HP Wisconsin engine. Smart chrome headlights standard equipment.

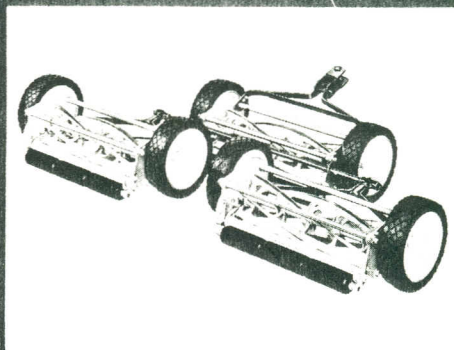

TEST DRIVE TODAY any one of the 4 great new 1961 Tiger Tractors - the smoothest working, easiest handling small tractors on American market today. Your choice of 4 models, 4 sizes, and one priced to suit your pocketbook! Horsepower ranges from 4 1/2 HP thru 9 1/2 HP. Famous name Briggs-Stratton and Wisconsin engines! Beautiful two tone pastel shades golden sand and gleaming ivory topped by glistening chrome!

Does every job on your estate, large or small. The most complete line of attachments, 36 in all, for mowing, maintenance and small farming.

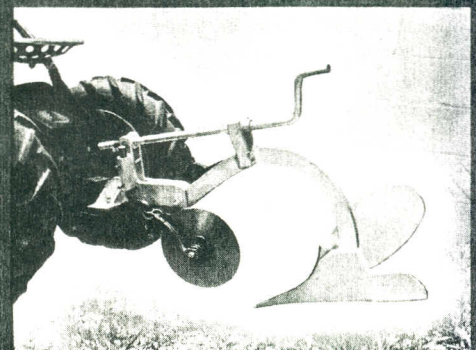

Mechanically the Tiger's a dream. Patented three speed automotive transmission and full automotive differential standard equipment. Drives like your car; everyone in the family's an operator. Brake and clutch in one easy-to-reach pedal. Fun with safety!

Gear driven, 32 inch cut, with blades. Direct drive from engine with separate clutch.

3-GANG MOWER-58" CUT: Light duty 3-gang mower cutting 58 inch swath. Adjusts to contour of land and swivels freely in all directions.

MOLDBOARD PLOW: Single furrow plow, available in both 9" and 10" bottoms. Fully adjustable for depth and leveling. Rolling coulters available to match.
